## TRCM Events 2018

Annual TRCM BBQ  
August 11th

Warbird/Giant Scale event  
is August 25th and 26th.

## PRESIDENT'S MESSAGE

Greg Hennefer

**REMINDER:** As of our January 2<sup>nd</sup> meeting all of our monthly meetings have been changed to the first **TUESDAY** of the month at the Lodi Library, opening gavel at 6:00 PM

**NOTICE: OUR ANNUAL TRCM BBQ WILL BE HELD ON AUGUST 11<sup>TH</sup> AT THE HENNEFER'S PLACE. MORE INFO TO COME, IT WILL BE A GREAT PARTY. MARK YOUR CALENDARS!!! (Do I hear live music???)**

Another month has passed us this year and we've had some great flying weather despite the heat and the wind. Our field is looking great (thanks Mike Mancebo) and we've had good turnouts most weeks for flying. Lots of new planes and some new designs. There have even been some interesting accidents and mishaps, come to our meeting on August 7<sup>th</sup> to hear the stories.

August brings us two fun events. Our annual Warbird fly-in will be held on August 25<sup>th</sup>. Come out and bring anything even resembling a warbird for a fun day of flying and spectating. If this is anything like last year, there will be some beautiful

and unique aircraft flying and on display. We'll have lunch and camaraderie for everyone.

August 11<sup>th</sup> is our annual BBQ. This year it will be held at the Hennefer Homestead (850 West Turner Rd. directions will be forthcoming in an email). The time is from 5:00 until 8:00 or whenever everyone leaves (or gets kicked out). Bring a swimsuit and an appetite. We've hired a great band to perform and the food should be terrific. This is an adult only get-together, so no small kids, please.

Our next meeting is Tuesday August 11<sup>th</sup> at the Lodi Library (6:00 pm), I'll look forward to seeing everyone there.

# Name this plane

Each month I will try to come up with something special or unusual for you to guess. Your correct answer will win you a free raffle ticket at our monthly club meeting. You must attend to win. Good luck!

This aircraft originally flew with a Griffon engine and contra-rotating propellers. The large duct under the spinner housed the radiator, similar to that used on the Tempest V and VI.
