June 8th and 9th, 2019

PRESIDENT'S MESSAGE

Mervin Ory

So I received an email from the editor of the News Letter, (Mark Huntley), and he informs me that he will be needing "The President's Message" soon, in order to have it in the News Letter. I answered him, "I have to do this every month?" So many surprises as President. I can only bet there are many more to come.

February is here already and in February we have our annual Sweetheart Dinner!!! This is the yearly event that allows us to recognize and thank those in our lives who allow, encourage or just plain put up with us and our Radio Control hobby.

It's a really fun evening and dinner that provides those "significant others" the opportunity to put faces and names together with the people we fly with. This evening also lets the club recognize and thank these special folks. I have a few ideas on where to have it this year and will be discussing it at the February meeting.

Other topics will be the Oops award. I've seen so many that surely it will be hard to choose a "winner". I think there's even a Fence award as well. We will also be discussing the possibility of a second Imac event hosted by us at our field.

Another thing brought to my attention is the condition of our chairs at the field. I've seen flyers actually fall when sitting in the chairs from a broken chair leg. Please be careful and inspect the chairs before sitting in them.

We also had some major wind damage at the field. The frequency shed actually fell over from the wind and also broke the wind sock and mast. A big thanks to all who up-righted the shed, and especially to Greg for getting a new wind sock and having it made functional again.

Despite the bad weather, there has also been some decent flying conditions at the field. Today (1/28) was absolutely perfect flying conditions with minimal winds and the temp reaching nearly 70 degrees. That's it for this month, I hope to see many of you at the field and at the meeting on February 6th.

TRCM Meeting 5th February

6:00pm at Lodi Library

I. Call to order:

II. Announcements from the floor:

III. Visitors and new members:

IV. Officers reports:

President: Mervin Ory

Vice President: Garrett Morrison

Secretary: Al Doucette

Don Brown and Merv Ory
- TRCM Website:
www.TokayRCModelers.com
- 14571 Race Track Road
Walnut Grove, CA 95690

Name this plane

Each month I will try to come up with something special or unusual for you to guess. Your correct answer will win you a free raffle ticket at our monthly club meeting. You must attend to win. Good luck!

As the war wound down, this company looked for opportunities to expand its aviation products. At the time, various reports forecasted a need for a rugged, low-cost, transport aircraft to serve under-developed airfields for emerging commercial routes following the war. To meet that need, this company designed and built this aircraft at its own expense. The aircraft was unlike any aircraft that this company had ever built.

TRCM
BADGE ORDER FORM

Clearly print your name, as you want it to appear on your badge. Badges are produced in upper and lower case letters.

First Name: _____

Last Name: _____

Order Quantity: Enter the number of badges you want to buy.

	Badges with Magnets	Badges with Pins
Quantity:	_____	_____
