Night Fly BBQ
October 27th, 2018

West Coast Aerobatic Challenge
June 8th and 9th, 2019

TRCM Meeting Minutes

6:00 pm at the Lodi Public Library

TRCM Meeting Minutes, 4 September 2018

6:00pm at Lodi Library

I. Call to order: 6:02 pm

II. Announcements from the floor: Jet Rally, Woodland/Davis, Sept 21-23. Helicopter Scale Masters, Woodland/Davis, Sept. 26-29, Best In The West, Jet Rally, Buttonwillow, 3 Oct -7.

III. Visitors and new members: None

IV. Officers reports:

President: Greg Hennefer Nothing

Vice President: Mitch Biddle Nothing

Secretary: Al Doucette, Noticed aircraft hold down device near old hold down holes in the middle of the pit area. Mitch said they are not supposed to be used there and that they had been moved to the area by the new safety fence. It was suggested that the old holes be patched. Found a release form, for a member, in the Emergency book and asked who was the custodian of the liability release forms. It is the Treasurer, so gave the form to Rob. Also asked if the club could install some bird deflectors on the safety fence. Mark, said he has some and it was left at that.

Treasurer: Rob Stanley. Reported that we have 73 current active members and that the treasury is in good shape.

Field Marshall: Mike Mancebo. Got truck fixed, but now the tractor needs a belt replaced.

Safety Coordinator: Dan Wangrin: Be aware of what is going on around you, whether flying or just watching, if you see something wrong, speak up. Do a thorough pre-flight.

Webmaster: Neil Gates Not present

Headwind Editor: Mark Huntley, Mike Wilson was the first one to correctly guess the mystery plane as a P-62, a modified version of the "Texan". Garrett, Mervin and George were close, but no cigar.

V. Old Business: Mitch reported that there is not enough material to change the direction of the affected portion of the runway. Voted to purchase a roll of material with a work party to be scheduled at a later date. Suggested we buy some new traffic stoppers for the new portion of the shade structure. The accumulation of trash was discussed, as well as getting rid of the container.

VI. New Business: Rob suggested that we use soak up pads under gas and nitro powered aircraft, as the wet petromat is very slippery when it gets fuel on it.

VII. Show and Tell None

VIII. Awards:

Ace: Mervin, Wally, and Mark for getting Lucas into a gas airplane. Nancy for hosting the Club BBQ, award went to Nancy.

Oops Nominations: Allen K, firewall ripped right out of his Corsair, in the air. Mervin, let Don hand launch his Foamy F-18 and it did a loop right into the fence. Albert, engine on P-51, quit, turned downwind and stalled. Mark for drone incident at BBQ, where he was delivering Mike's airplane, after the engine had quit, back to him, slung under the drone. A gust of wind caught the airplane and flew it right into the drone. Not a pretty sight, missed the pool, didn't miss the pool apron.

Tied vote, Mike agreed to let Mark have the award.

Al Doucette, Secretary

Lucas Stone with his new Ultra Stick. Thanks to all the members of our club that donated parts and supplies to help with this project. And thanks to those that donated their time in helping to build and setup this plane. Its this type of effort that continues our hobby and sport in to the future.

TRCM Field September 2018
